Among the exclusive rights of Management are the right to plan, direct and control Employer operations, to select, and direct the working force, to hire, assign, and transfer, to suspend or discharge

Section E. The Employer shall make deductions for any approved Credit Union each pay period provided the employee has provided the Employer with proper written authorization.

ARTICLE 7

UNION REPRESENTATIVES - STEWARDS

Section A. Authorized representatives of the Union shall be permitted to visit the Employer's facilities and confer with representatives of the Employer. If such Union representative desires to confer with a Union Steward or an employee, the Union representative must first notify the supervisor on duty. The employee will be granted permission for such conference if it will not interfere with the normal operations of the department. If an employee is being interviewed and such interview may result in future disciplinary action, the employee shall be entitled to Union representation of his/her choice. Requests for representatives shall be reasonable with consideration given to employees on duty.

Section B. The Employer recognizes the right of the Union to designate not to exceed one (1) steward per shift whose authority shall be limited to and shall not exceed the following duties and activities.

1. To collect dues.
2. To transmit all authorized bargaining unit information which is in writing; or if it is verbal, it is of such a routine nature that it does not cause work slowdown or work stoppage or any interference with the Employer's business.
3. To investigate and present any alleged grievance provided the steward secures prior authority from the supervisor to conduct such investigation in a reasonable time as determined and approved by the supervisor.

Section C. An employee serving on the Contract Negotiating Committee shall be granted leave from duty for all joint negotiation meetings between the Employer and the Union when such meetings take place at a time when such employee is scheduled to be on duty. Section H. The City shall allow the Muscatine Association of Firefighters representatives a total of two (2) working days off with pay to attend the State Convention of the Iowa Association of Firefighters, as long as the designated representatives are not on the same shift. This day off shall be guaranteed in addition to the first vacation slot which is available to employees for vacation.

ARTICLE 8

CIVIL SERVICE

Section A. In all matters involving hiring, promotions, demotions, layoffs, suspensions, and discharges, the parties agree that these matters are under the jurisdiction of Chapter 400, The Code, Civil Service, and agree to follow the provisions of such chapter as amended. Enforcement of said rights shall be through procedures set forth in said Chapter 400 and shall not be processed through the grievance or arbitration procedures set forth in this Agreement.

ARTICLE 9

SENIORITY

Section A. Seniority shall mean the status, priority, or precedence obtained as a result of an employee's length of continuous service within the Fire Department and shall commence on the date of employment and become applicable immediately following the completion of the probationary period. If more than one (1) is hired on the same day, persons shall receive seniority ranking based upon their order of hire which shall be determined by their relative placement on the final Civil Service Commission eligibility list; the higher the placement indicating the greater seniority.

Section B. Probationary Employee. All full time appointments under Civil Service shall be conditional upon a probationary period of not more than twelve (12) months during which time the appointee may be disciplined, removed or discharged from such position by the appointing person or representative without a right of appeal to the Civil Service Commission or the grievance procedures set forth in this Agreement.

Section C. The Employer shall post a complete seniority list of the employees covered by this Agreement on July 1 or each contract year showing date of employment and promotion date in the Fire Department. The list shall remain posted and the Employer shall give a copy of such seniority list to the Union. At any time that seniority lists are revised during the term of this Agreement, a revised list shall be posted and a copy shall be given to the Union.

ARTICLE 10

PERSONNEL TRANSACTIONS-RULES

Section A. Each employee, during normal business hours of the Human Resources Department, shall have access to and shall be permitted to obtain a copy of any item in the

employee's own personnel files in accordance with the provisions of Chapter 91B, Code of Iowa, as the same may be amended from time to time.

Section B. The Employer may promulgate departmental rules and regulations in writing, and shall provide each employee with a copy thereof. A written, dated and signed revision of a rule or regulation shall supersede the previous rule or regulation which the revision replaces. The City shall notify the Union of changes in rules or regulations no less than seven (7) days prior to the effective date of such rule or regulation. If an emergency would necessitate an immediate issuance of a rule, regulation or order, the Union shall be notified as soon as is reasonable possible.

Section C. Each employee shall reside within the County of Muscatine, Iowa and must reside within the State of Iowa.

Section D. If an employee, while in the line of duty, is charged in any criminal action, the employee shall, upon being found not guilty of the charge, be reimbursed by the Employer for all legal expenses. In lieu of agreeing to pay for the legal expenses, the Employer shall have the option of selecting and paying for an attorney to defend the employee in said case; further provided that if the employee is not satisfied with the attorney chosen by the Employer, the employee shall have a right to retain his own legal counsel at his own expense.

ARTICLE 11

HOURS OF WORK

Section A. This article is intended to set forth the normal workday, work-week, and work month but shall not be construed as a guarantee of hours of work per day, per week, or per month, or days of work per week or per month.

Section B. The EMS Coordinator shall work a seven (7) day work cycle, during which time the employee will work forty (40) hours on a flex work schedule to be approved by the Chief. The Fire Mechanic, the Firefighters, and the Lieutenants shall work a twenty-seven (27) day work cycle, during which time the employee will work nine (9) shifts of twenty-four (24) hours each provided that no more than two (2) firefighters shall work a fourteen (14) day

work cycle during which time the employee shall work eighty (80) hours on a flex work schedule approved by the Chief. No firefighters currently working shifts on a twenty-seven (27) day work cycle shall be transferred to a flex work schedule without the employees consent. The exact time of commencement of the schedule and of the shift will be set by the Chief.

Section C. It is understood and agreed that the determination of the daily and monthly work schedule for all employees may be changed by the Employer from time to time to meet the Employer's requirements. It is also understood and agreed that the Employer shall have the right to reduce, extend or maintain the hours of work for any employee, and the employee shall be required to work at times as scheduled by the Employer. Except in an emergency situation, the Employer will give at least nine (9) calendar days prior notice to an employee of an impending change in shift assignments. Previously scheduled and approved vacation will be honored.

ARTICLE 12

OVERTIME-CALL BACK-COURT TIME-TRADETIME **TEMPORARY ASSIGNMENT - STAND BY**

A. Overtime

Section 1. Overtime shall be defined as any time properly authorized or approved by the Employer and actually worked in excess of the employee's regular schedule. It is the policy of the Employer to keep overtime work to a minimum.

Section 2. Compensation shall not be paid twice for the same hours, nor shall there be any pyramiding of overtime.

Section 3. Subject to the provisions of Section 6, overtime will be compensated at the rate of one and one-half (1-1/2) times the employee's regular straight time hourly rate of pay. It shall be computed to the nearest one-sixth (1/6) hour for payment. The Employer shall post notice when a pay period will include FLSA pay for the previous cycle.

Section 4. The Employer and the employee agree that overtime earned by the employee may be taken as compensatory time off. The parties further agree that the hours worked in a twenty-seven (27) day work cycle by the employee in excess of the maximum

permitted by the provisions of the Fair Labor Standards Act shall be compensated as follows: (a) the employee will receive the normal compensation set out in the Appendix of this Contract for the hours actually worked up to a total of two hundred sixteen (216); (b) the employee will receive ½ hour off as compensatory time for each hour actually worked between two hundred-four (204) and two hundred sixteen (216); (c) any hours worked over two hundred sixteen (216) may be compensated by overtime pay or by compensatory time off. A non-shift employee shall not accumulate more than eighty (80) hours of compensatory time, and a shift employee shall not accumulate more than ninety-six (96) hours of compensatory time, without the approval of the Chief.

Section 5. Non-emergency overtime is defined as overtime offered for the purpose of filling a temporary vacancy on a shift to meet the staffing needs of the Employer. It is not due to an emergency in progress at the time the overtime opportunity is offered, and is typically offered for a predetermined amount of time. Non-emergency overtime is compensated for at the non-emergency overtime rate if taken as pay.

Emergency overtime is defined as overtime offered in response to a need for increased staffing related to a call for fire department emergency services. The overtime is typically for an undetermined amount of time, related to a call in progress. Emergency overtime is compensated for at the emergency overtime rate if taken as pay. Emergency overtime is considered mandatory in the absence of a situation that renders the employee physically unfit for duty, such as illness, injury, the effects of medications, or intoxication.

Ambulance service overtime is defined as voluntary overtime offered in response to a need for increased staffing of an ambulance crew. For the purposes of compensation, ambulance service overtime is considered emergency overtime. It is the intent of these provisions to be in compliance with FLSA rules and interpretations that preclude any compensation for on-call, standby or waiting time. The offering of the opportunity for overtime pay for actual hours worked is understood to be for the benefit of the employees. Participation in ambulance service callback is voluntary on the part of the employee. Employees waiting for opportunities for ambulance service overtime are considered to be off duty.

Employees shall be required to work such overtime as the Employer requires. As much as is practical, the employer will develop overtime policies that provide equitable opportunities

for overtime. Policies and procedures for non-emergency, emergency, and ambulance overtime shall be maintained.

Section 6. When employees are required to report to work due to an emergency as declared by the Chief, the hourly rate of pay will be determined by taking the employee's hourly rate of pay as set out in the Appendix, multiplied by 2912 hours and then divided by 2080 hours. This result will be multiplied by one and one-half (1 ½) times. Non-emergency overtime pay will be determined by multiplying the hourly rate of pay set out in the Appendix by one and one-half (1-½) times. An employee working a forty (40) hour work week shall receive overtime when required to report to work due to an emergency as described above on the same basis as an employee working on a fifty-six (56) hour work week, i.e. based on annual salary divided by 2080. However, non-emergency overtime pay for a forty (40) hour employee will be based on 2912 hours, the same as for an employee working a fifty-six (56) hour work week. If this formula does not meet Federal Labor Standards Act guidelines for FLSA overtime then such additional sums will be added to the formula as will meet such standards.

Section 7. An Overtime Accumulation List will be maintained that includes the names of all bargaining unit members. The list shall be zeroed and ordered by seniority at the beginning of each calendar year. All overtime hours worked by bargaining unit members will be posted on the overtime accumulation list. The list shall be ordered according to hours worked, placing the members with the most overtime at the bottom of the list. When two or more bargaining unit members have the same amount of accumulated overtime, the member with the most seniority will be placed closer to the top of the list.

B. Callback.

Section 1. An employee, who is called back to work by the Employer shall be paid a minimum of two (2) hours pay or compensatory time off at the overtime rate, unless such callback is two (2) hours or less prior to the employee's regular shift. Callback does not apply where an employee is ordered to work beyond the employee's regular shift. Callback does apply to a situation where an employee is subpoenaed or ordered by the Employer to participate in criminal court proceedings related to the employee's duties, unless the employee is the one charged with the crime. Callback also applies to a situation where an employee is ordered by the Employer to participate in any court proceedings where the Employer is a party.

C. Tradetime.

Section 1. The Employer may permit the exchange of shifts subject to the following guidelines:

- a. Only two employees will be involved in the exchange of trade time.
- b. The two employees mutually request the exchange in writing at least twenty-four (24) hours in advance of the substitution by notifying the officers in charge of the respective shifts.
- c. The supervisor in charge of each of the respective shifts approves the exchange.
- d. Failure of one employee to pay back time owed shall be handled by the employees involved. The employer shall have no responsibility or liability for such time.
- e. The substitution does not impose any additional cost on the Employer.
- f. The exchange of shifts shall not be used for outside employment.
- g. Such time shall be taken in increments of at least two (2) hours.

D. Temporary Assignments.

Section 1. In the event that any employee is assigned to a higher or lower job classification on a temporary basis, said employee shall receive the employee's own pay or the pay designated for such other classification in which the employee is temporarily serving, whichever is higher. The amount paid to an employee assigned to a higher job classification would be the same amount that the employee would earn if the employee was promoted to that classification.

ARTICLE 13

HOLIDAYS

Section A. Subject to and in accordance with the provisions of this article, all regular and probationary employees shall be granted holiday pay as hereinafter set out for the following holidays: New Year's Day, President's Day, Memorial Day, Independence Day, Labor Day,

Veteran's Day, Thanksgiving Day, Friday after Thanksgiving, Christmas Eve Day, and Christmas Day.

Section B. For shift employees the holiday will begin at the commencement of the shift on the day of the holiday and shall end twenty-four (24) hours later. For non-shift employees, if a holiday falls on a Saturday it shall be celebrated on the preceding Friday; if a holiday falls on a Sunday it shall be celebrated on the following Monday.

Section C. If an employee is scheduled to work a holiday, that employee will receive the regular hourly rate of pay normally paid to said employee.

Section D. All twenty-four (24) hour, three platoon shift employees shall receive holiday pay. This payment will be based upon the employee's hourly pay, as set out in the Appendix, times twelve (12) hours per holiday. This payment will be made on the first Friday in December.

Section E. In order to be eligible for receiving holiday pay, an employee must be in an active pay status the day before and the day following the holiday. No employee who has been laid off or is under suspension will be eligible for holiday pay.

ARTICLE 14

VACATION

Section A. Vacation with pay is a benefit accorded an employee on an annual basis for purposes of recreation and relief from the routine and pressures of assigned work. It is an earned right in the sense that the right to paid time off from work is earned by time spent at work. However, the taking of time is conditioned by length of employment and the requirements or work load of the department in which the employee works. The EMS Coordinator must take at least one full week of vacation each contract year.

Section B. Full-time employees beginning with the date of their employment and continuing for the balance of their continuous employment with the City, shall accumulate leave credit at the following rate:

1. 3.08 hours for each full bi-weekly period of service during the 7th month through the first full twelve (12) month period of employment (five (5) vacation days or forty (40) hours after the first full twelve (12) month period of employment). For 56-hour employees, 4.31 hours is earned for each full pay period of service, during the seventh through the twelfth month of service.

2. 3.08 hours for each full bi-weekly period of service for employees during the 2nd through the 4th year of employment (ten (10) vacation days a year or eighty (80) hours). For 56-hour employees, 4.31 hours is earned for each full pay period of service.

3. 4.62 hours for each full bi-weekly period of service for employees during the 5th through the 12th year of employment (fifteen (15) vacation days a year or 120 hours). For 56-hour employees, 6.47 hours is earned for each full pay period of service.

4. 6.16 hours for each full bi-weekly period of service for employees during the 13th year through 19th year of service (twenty (20) vacation days a year or 160 hours). For 56-hour employees, 8.62 hours is earned for each pay period of service.

5. 7.70 hours for each full bi-weekly period of service during the 20th year and subsequent years of service (twenty-five (25) vacation days a year or 200 hours). For 56-hour employees, 10.77 hours is earned for each full pay period of service.

Section C. It is the intent of this Agreement to provide a vacation period for all regular employees for reasons as stated in Section A above. Although the Employer encourages employees to take their vacation in weekly blocks, the Chief may approve vacation of less duration, but in no case less than two (2) hours.

1. An employee may use the vacation as it is earned on a monthly basis; however, the maximum accumulation on December 31st of each year for vacation allowed every employee will be as follows:

<u>Earning Period</u>	<u>Maximum Accumulation Allowed</u>	
	<u>40 Hr.</u>	<u>Shift</u>
	<u>Employees</u>	<u>Employees</u>
Employees earning 1-2 wks/yr	96 hours	160 hours

Employees earning 3 wks/yr	136 hours	216 hours
Employees earning 4 wks/yr	176 hours	272 hours
Employees earning 5 wks/yr	216 hours	328 hours

2. In the event that an employee is not able to take part of the maximum vacation accrual prior to December 31st either because of action by the Employer because of conflict with the Employer's operation, or because the employee has obtained prior written approval of the Chief, an employee will be allowed to carry over not to exceed two (2) additional working days of vacation which must be taken within the next calendar year.

3. Unused vacation shall be paid in cash, or into a deferred compensation plan, or a post employment health plan (if instituted), or a reserve fund to be held by the City and utilized to pay for an eligible employee's ongoing health insurance premium until exhausted. The employee shall choose one of the available options above, unless the Union has elected to use the post employment health plan, in which all employees are required to use that option.

Section D. An employee's request for vacation time shall be controlled by seniority provided that the selection is made by April 1 for the next twelve (12) calendar months scheduling. Seniority shall be within each shift. Seniority shall only apply to the first segment of vacation where the employees split the vacation time. Vacation will, so far as possible, be granted at times most desired by employees so long as they do not conflict with the Employer's operation. No more than two (2) employees from a shift may take vacation at the same time without specific written permission of the Fire Chief.

Section E. In the event that a holiday falls within an employee's vacation period, such day will not be counted as a day of vacation for eight (8) hour shift employees.

ARTICLE 15

SPECIAL LEAVES

A. Bereavement Leave.

Section 1. An employee will be allowed two (2) working days of bereavement leave with no loss of compensation in case of the death of a spouse or child, including a step-child,

parents, step parents, parents-in-law, brothers, sisters, grandparents or grandchildren unless the death occurs on the employee's scheduled workday in which case the employee will be given the balance of that working day off plus the next two (2) working days.

Section 2. An employee will be granted one (1) work day to attend the funeral of the employee's aunt, uncle, niece, nephew, son-in-law, daughter-in-law, brother-in-law or sister-in-law, and cousins in the first degree. In the event that a memorial service is held in lieu of a funeral, the employee will be granted one (1) work day to attend the memorial service.

Section 4. Employees who wish to attend the funeral of a fellow employee or former employee, or to serve as a pallbearer in such funeral, may be allowed time off from the job with pay but not to exceed one half (1/2) day.

Section 5. If additional time is needed, the Chief may grant additional leave without pay not to exceed a maximum of three (3) days.

Section 6. Bereavement Leave pay is intended to provide for time off without loss of income but not to increase income. Non-working days shall not be compensable. Time off for bereavement leave shall not be used for outside employment.

B. Voting Leave.

Section 1. Any employee required to work for all of the hours during which the polls are open on an election day shall be given sufficient time off with pay to vote.

C. Military Leave.

Section 1. The Employer will grant leave of absence for military pay in compliance with the provisions of Section 29A.28, Iowa Code.

D. Sick Leave.

Section 1. Sick leave is time off with pay granted to an employee by the employee's Supervisor. Sick leave is not an absolute or automatic right of an employee but is a privilege,

that is granted or denied contingent upon the meeting of certain conditions. The granting of sick leave to employees has as its purposes:

- a. Approved absences from work occasioned by illness or injury.
- b. Remuneration during these periods to ease financial hardship; and
- c. Retention of employment rights.

Section 2. Sick Leave Accumulation.

a. Forty (40) hour employees, beginning with the date of employment and continuing for the balance of their continuous service with the City, shall accumulate sick leave at the rate of 4.62 hours for each full bi-weekly period of service with a maximum accumulation of 1200 hours. Employees working the 56 hour work week shall accumulate 6.92 hours for each full bi-weekly period of employment with a maximum accumulation of 1800 hours. For twenty-four (24) hour shift employees, a full shift absence due to illness shall constitute twenty-four (24) hours of sick leave usage. At such time as an employee transfers from a 40 hour week position to a 56 hour week position, or vice versa, an employee's sick leave will be adjusted by dividing the total hours accumulated by the previous rate at which it is earned and multiplying the result by the new rate at which it is to be earned.

b. In computing sick leave for full-time employees, the following shall be counted as time worked:

- i. Time spent on vacation leave.
- ii. Absences for authorized holidays.
- iii. Absences for jury duty.
- iv. Leave of absence with pay.
- v. Time spent on paid sick leave. However, this sick leave will not be available for use during the current illness but will be counted toward the new accumulation of sick leave beginning one (1) week after return to full-time service.

vi. Upon transfer from one department to another without a break in service, time worked and sick leave accumulated shall be fully credited to the employee in the new department.

vii. Time spent on bereavement leave.

c. Sick leave will not accrue to an employee during such non-work, non-pay periods as:

i. Time away from work as a result of a disciplinary layoff.

ii. Time away from work as a result of a job layoff due to organization, project, seasonal, or financial requirements.

iii. Time away from work as a result of an authorized extended leave of absence without pay, such as school leave.

d. Upon return to work from an authorized leave of absence, with or without pay, an employee in good standing shall be granted all unused sick leave accumulated by earlier service.

Section 3. Use of Sick Leave.

a. An employee may use sick leave with full pay for absences necessitated by personal injury or illness, pregnancy, personal dental or medical care, or exposure to contagious disease if determined by a physician or health officer.

b. Sick leave shall not be available to an employee for use in circumstances involving personal injury sustained by an employee in the course of paid supplemental employment for an Employer other than the City.

c. All time taken on authorized sick leave will be deducted from available sick leave.

d. An employee who has exhausted all of the employee's sick leave may then elect to use any vacation leave, or other paid leave, to which the employee is entitled, for sick leave purposes. APPENDIX D

ADJUSTMENTS – ORDER OF PROGRESSION

A. This salary schedule is a substantial departure from previous salary schedules. Consequently, in order to insure that each employee is on the proper Step or is receiving the wage negotiated, the status of each employee as of July 1, 2005, is set out below, with notations as to any differences from the normal progression as set out in Appendix A, Wage Schedule.

1. Eagle will be paid \$1,252.16 less than Step 8 pay. If Eagle obtains an Associate Degree in Fire Science or EMTP Certification, the employee would move to Step 8 pay.

2. Whitmer and Bennitt will be paid \$1,164.80 less than Step 7 pay. If Whitmer or Bennitt obtain an Associate Degree in Fire Science or EMTP Certification, the employee would move to Step 7 pay. When either employee attains eight (18) years of seniority, pay will be determined by reference to Section 1.

3. Gaeta, Abbott, Janssen, Lund, Summitt, T., and Edwards will be paid 15¢ per hour less than Step 7 until the employee obtains sufficient seniority for Step 7 pay.

4. Any employee hired after July 1, 2002, will be paid at Step 1 and will progress up the Steps based on seniority as set out in Appendix A, Wage Schedule.

5. Collins and Wilson will be paid \$1,339.52 less than Step 8 pay. If either employee obtains an Associate Degree in Fire Science or EMTP Certification, the employee would move to Step 8 pay.

6. Hartman and Hillard will be paid \$44,437.12 annually, \$1,709.12 per pay period, and \$15.25 per hour.

7. A Firefighter at Step 7 who moves to the position of Mechanic or Lieutenant will receive Step 6 pay for one (1) year and shall then move to Step 7 pay. A Firefighter at Step 8 who moves to the position of Mechanic or Lieutenant will receive Step 7 pay for one (1) year and shall then move to Step 8 pay.

8. A Firefighter receiving any other wage who moves to the position of Mechanic or Fire Lieutenant, shall receive a Step wage that is greater than the Firefighter's wage at the time of transfer for a period of one (1) year and shall then be placed on and shall progress on the Wage Schedule in accordance with the employee's years of seniority.

9. If an out-of-step Firefighter is promoted to Mechanic or Lieutenant, the salary would be reduced by one Step plus the cents per hour which the Firefighter was earning below the Firefighter's current next higher Step. The pay of Hillard was based on this formula and can be used as a guide.

B. During this Contract, changes may occur which affect the above subsections. The Employer and the Union will review these changes as they arise to determine the wages of the employee after the proposed change and will amend Appendix D appropriately.
